## PURPOSE

The purpose of this policy is :

- To ensure that the communication at **Bourchier Street Primary School** is carried out correctly and in a manner that complies with school, departmental and legal requirements.
- To ensure all stakeholders are provided with information in a timely and effective manner.
- To ensure appropriate ongoing training is provided to all staff, teaching and non-teaching, and to new staff members as part of the induction process.

## IMPLEMENTATION

- **Bourchier Street Primary School** has a policy of open and cooperative communication. However, this practice recognises that the school has legal, departmental, local, professional and social obligations with regard to the communication of information.
- Parents/carers are readily able to communicate with teachers face-to-face at any mutually agreeable time throughout the school year, electronically by sending an email through to the **Bourchier Street Primary School's** email account, through "Seesaw" or in written format directly to the teacher.
- We value and actively seek input from all in our school community with the primary approach to seeking parental input through the members of School Council.
- Broader consultation throughout the school community will be undertaken where required and this consultation will be inclusive and non-discriminatory.
- It is important to note that consultation does not mean decision making. Nor does it equate that decision-making will simply be based on popularity of ideas or weight of numbers.
- Department of Education and Training (DET) employees are free to make public comment on issues relating to education, but in doing so, must be wary not to make comments that can be construed as negative criticism of **Bourchier Street Primary School**, School Council, our community, staff or community members.
- As a matter of professional courtesy, and as a requirement of Section 3.6 of the Teaching Services (Conduct of Duties) Order 1998 staff will communicate with the Principal before making public comment or formal statement on educational issues or that bears on the organisation or program of **Bourchier Street Primary School** or place of work. The Principal and School Council President will ensure that each other are informed.
- In providing advice to students, teachers should limit their advice to areas within their professional knowledge, ensure it is given in situations arising from a role specified by

the Principal and ensure such advice is correct and in line with the most recent available statements. Please refer to the **Bourchier Street Primary School's Duty of Care Policy**.

- The *Privacy & Data Protection Act 2014* and the *Health Records Act* require that schools protect the interests of individuals with regard to their personal information and respect the individual's right to control how their personal information is used, and for what purpose.
- **Bourchier Street Primary School** will only collect consensual information that it requires about individuals, and will only communicate and disclose information for the purposes for which it was collected.
- Any person seeking information from **Bourchier Street Primary School** that falls outside the school's previous practices must be directed to the Principal who may require that a formal written Freedom of Information request be made.
- All such Freedom of Information requests will be referred to the Manager, Freedom of Information and Privacy Unit.
- Information sought by police, including interviews of students, must be directed to the Principal.
- Requests from Department of Health & Human Services (DHHS) Child Protection Unit personnel regarding students or families will be complied with at all times. Please refer to the Department of Education and Training's *Police & DHHS Interviews Policy*.
- **Bourchier Street Primary School** will comply with court subpoenas to provide information at all times, but will not respond to requests from lawyers seeking information without DET approval.
- Action may be taken by individuals, the Department or organisations against staff members who choose to communicate information improperly.
- **Bourchier Street Primary School** will table its Annual Report to the School Community at an open meeting of the School Council as soon as all components are finalised. This report will subsequently be made available to all in our community through the school's website. The content of the Annual Report will reflect the requirements of the DET.
- School Council records are not available to the general community. Please refer to DET *Freedom of Information (Fol) Policy*.
- **Bourchier Street Primary School** will provide a minimum of two comprehensive written reports, one parent/carer - teacher interview for students in Semester 1 with an option for a second in Semester 2, and additional interviews upon request. Teachers will report against the Victorian curriculum achievement standards using a five point scale.
- **Bourchier Street Primary School** will identify those aspects of its policies and procedures which must be communicated to staff and parents/carers. Please refer to the attached Communication Schedule.
